Join us for an evening that celebrates excellence, strengthens industry connections, and invests in the future of construction. The EKU Construction Management Program Banquet brings together program alumni, industry leaders, faculty, and students for a meaningful night of recognition and impact. Graduating seniors will be honored as they launch their careers, underclassmen will outline the student chapter's plans for the future, and the program's continued growth and achievements will be showcased.

The evening will begin with a cocktail networking reception, offering time to connect before transitioning into dinner and the evening's program.

The evening will feature distinguished awards, including Outstanding Senior, and additional recognitions highlighting leadership and service to the construction profession. To attend, please scan the QR code below to register or register by clicking here.
